Dixon, Legal Advisor to Chairman Michael K. Powell on Wednesday, March 6,2002.

As summarized in the attached memorandum, we discussed the Multi-Association Group plan for the regulation of interstate services of non-price cap incumbent local exchange carriers and interexchange carriers, as well the Bill & Keep proposals in the Unified Intercarrier Compensation Regime docket. In regard to the Universal Service Fund and Truth-in-Billing, it was noted that some interexchange carriers may be overcharging their customers.

On March **5** and 6,2002, on behalf of Ronan Telephone Consumer Advisory Committee ("Ronan Consumer"), Jay W. Preston, Cynthie Preston, Linda West, Thomas Trickel, Chuck Evilsizer, and James U. Troup, met with members of the Federal Communications Commission. The representatives of Ronan Consumer met with Commissioner Kevin J. Martin, Sam Feder, Senior Legal Advisor to Commissioner Kevin J. Martin, and Matthew Brill, Common Carrier Legal Advisor to Commissioner Kathleen Abemathy on Tuesday, March 5,2002. The representatives of Ronan Consumer met with Kyle D. Dixon, Legal Advisor to Chairman Michael K. Powell on Wednesday, March 6,2002.

The representatives for Ronan Consumer presented to the FCC their position that, from the perspective of rural consumers, there is no benefit derived from the MAG Order (CC Docket No. 00-256) and the Bill & Keep proposals (CC Docket No. 01-92). Rather, the MAG Order and the Bill & Keep proposals are detrimental and pose serious disadvantages and, therefore, Ronan Consumer opposes them. Ronan Consumer advocated that a new policy direction is necessary so as to provide benefits to rural America and to truly promote universal service.

Ronan Consumer provided details of the significant opposition in the Ronan community to the MAG Order and the Bill & Keep proposals. Ronan sent out post cards to poll the community and of the post cards that were returned (over one-third), 100 percent of them opposed the MAG Order and the Bill & Keep proposals. There is also significant local government opposition to the proposed policies. Resolutions of Opposition were adopted unanimously by the following local government entities: Tribal Counsel of the Confederated Salish and Kootenai Tribes of the Flathead Nation; The City Council and Mayor of the City of Ronan; and, The Lake County Commission. Furthermore, the Montana Congressional delegation is in opposition as evident in letters submitted prior to the MAG Order from the following lawmakers, including Congressman Rehberg; Senator Bums; and, Senator Baucus.

The FCC's decision and proposals include the following: an 85% increase in the residential SLC charge; a 53% increase in the business SLC charge; a 52% decrease in the aggregate carrier access charge (4.6 to 2.2 cents); the creation of a huge new federal subsidy program called the Interstate Common Line Support ("ICLS"); and the Bill & Keep proposals in the Unified Intercarrier Compensation docket that seek to eliminate all camer access charges.

Ronan Consumer described the major detrimental impacts in rural areas due to the FCC's decision and proposed policies. There will be severe impacts on the affordability of basic local telephone service. There will also be a decrease to rural company revenues from camer access charges, and if Bill & Keep is imposed, there will be the complete elimination of this source of revenue, which is 60-70% of the total rural company revenues.

The goals of universal service in rural areas will be detrimentally affected, with the impact being especially severe in low-income areas. For example, the Flathead Indian Reservation, a struggling agricultural economy with many low and fixed income residents, as well as high unemployment levels, has a per capita income of only \$17,000. The SLC increases and potential rate increases from the access decreases are not affordable in the Ronan Consumer service area and many people may have to terminate their telephone service.

There will be a failure to support the rural wireline infrastructure, which is essential to the rural economy and continued universal service (affordable basic service). The FCC's actions will severely discourage any future investments in existing facilities, not only for upgrades, but even for basic maintenance.

The MAG Order creates a huge, new subsidy system ("ICLS") on top of the already existing, huge USF subsidy system. ICLS, which is derived from access charges below cost, is uneconomic, inefficient, and politically unpopular and unstable in the long run.

The decrease in access charges will be *below cost levels* and is not justified. For example, the average Montana rural cost per FCC cost model is 8 cents per minute, while the MAG Order requires an average of **2.2** cents per minute, which is recognized, but not explained **or** justified in the MAG Order. Offering service below cost to other carriers (some of which are local competitors, such as competitive local exchange carriers and wireless providers) is economically inefficient, illogical, unreasonable, and contrary to the requirements of the Telecommunications Act and the US. Constitution.

The long distance carriers will see a windfall of \$900 million from the MAG Order and rural customers will see none of the benefits.

The access decreases and/or the Bill & Keep elimination of 60-70% of revenues will result in substantial local phone service rate increases being sought at the state level.

Such local rate increases would be politically impossible for state commissions to approve. A Bill & Keep system would lead to a radical transformation of the telecommunications industry, inappropriately shifting huge costs from carriers and competitors to end-users, to the severe detriment of the preeminent state and federal policy goals of universal service, including affordable basic telephone rates. The Bill & Keep system would also eviscerate investment incentives for rural companies.

Also, in relation to the USF proceeding (CC Docket **Nos.** 96-45 and 98-170), it was noted by Ronan Consumer that interexchange carriers may, in fact, be overcharging customers through the **USF** contribution charge.

As rural consumers who have studied telecommunications issues, Ronan Consumer sees absolutely no benefit to the MAG Order or the Bill & Keep proposals, but only serious disadvantage and detriment. Ronan Consumer urged the FCC to take a new policy direction as it is necessary to move in a positive direction that will provide benefits to rural America and truly promote universal service.

 - Severe impacts on affordability of basic local telephone service.
 - Drastic decreases to rural company revenues.
 - Directly Contrary to Universal Service goal in rural areas:
 - Especially severe impact in low income areas and Indian Reservations
 - Economically depressed areas are hardest hit
 - Very low per capita incomes; high unemployment levels

Ronan, Montana 59864

Dear Montana Congressmen, Conrad Burns, Mex. Baucus, Dennis Rehberg:

The Ronan Telephone Company Consumer Advisory Committee is an independent group of seven telephone consumers in the Ronan community who work with Ronan Telephone management to represent the consumer interest in national, state and local telephone policy.

We write to inform the Federal Communications Commission (FCC) and Montana's Congressional Delegation that we fully support the efforts of **this** Committee to preserve affordable, **high** quality rural telephone service here in **Ronan**. We are concerned that the so called "MAG" order **has** already increased the telephone bills of every resident and business in Ronan **as** of January 1,2002, and that larger federally imposed telephone cost increases may be forthcoming.

In November of last year, the committee informed all **Ronan** telephone subscribers about the rate increase and the committee's ongoing efforts in opposition at the FCC. In addition, it sent out a reply forms to all telephone subscribers here in an effort to galvanize public opposition to the federal policies. They have received **almost** 1,000 of these signed cards back from consumers here, approximately one-third of the total sent.

We are concerned that **the** FCC decision to raise the "Subscriber Line Charge" (SLC) for all rural consumers **as** of January 1 of **this** year provides nothing to these consumers in return. Residential subscribers and businesses with a single line have now seen **this** item increase from \$3.50per month to \$5.00 per month (a **43%** increase); for businesses and institutions using multiple lines (including the City of Ronan), the charge has increased from \$6.00 per month per line to \$9.20 per month **per** line (a **53%** increase). In addition, the residential and single line business SLC may be **further** increased on July **1,2002** to \$6.00, and may be further increased to \$6.50 on July 1,2003, which would be an overall increase of **86%**. These rate increases **will** not result in improved service and rural consumers have no assurance that their long distance costs will decrease **as** a result.

While we are very concerned by **this** rate increase, we **are** even more **alarmed** by the policy direction the FCC is taking, of which **this** is the likely the first step, which will require our local telephone company, to eliminate all fees charged to all connecting carriers. The ultimate impact of **this** policy could **raise local** telephone rates by as much as 700% locally in Ronan, which is absolutely unacceptable.

PHONE RATE INCREASE!

Telephone Subscribers of Ronan Telephone Company

RE: FCC Ordered Rate Increase & Call for Protest

Dear Fellow RTC Telephone Consumers:

The Ronan Telephone Company Consumer Advisory Committee is a group of consumers that represents you. the consumers of Ronan Telephone Company. We are sending you this to request your input to help us represent you better, and to request your help in fighting an unjustified federally ordered rate increase.

The Federal Communications Commission (FCC) issued a decision on October 11 which will increase your telephone hill on January I, 2002. Our committee has twice filed formal comments with the FCC opposing this rate change. We succeeded in enlisting the support of Senator Baucus, Senator Bums and Representative Rehourg asking the FCC to delay a decision in this case to allow further public input. The FCC ignored both the opponents to this process and the many Congressmen and Senators who supported a delay.

This decision will raise the federal residential Subscriber Line Charge by 43% and the multiple line business Subscriber Line Charge by 53%. The order also contemplates further increasing the residential fee by as much as 85% within two years.

Furthermore, the policy direction of this FCC indicates that this could **be the** first step in **a** longer process that will increase local telephone rates by as much **as** 700%.

We feel very strongly that our efforts to successfully advocate for continued affordable local telephone rates with the policymakers in Washington DC will be fruitless unless a large number of consumersjoin us in our protest!

To this end, we have enclosed reply *cards* expressing our concerns to the key policymakers at the FCC and to our Congressional Delegation, in hopes of sending the message that real live consumers in rural communities like ours, nationwide, will be severely impacted by these radical policies. If you agree that affordable telephone rates are something you need preserved, please join our effort by signing the 2 enclosed cards and returning them to our Committee in the enclosed postage paid envelope. We will collect all cards returned and insure that the policymakers involved in these decisions are made aware of both our concerns and yours.
